

## KEEN Fall Semester Programs Update

**The safety of our athletes and volunteers are at the forefront of our planning.** Please read the following updates and rules in order to participate in any upcoming KEEN activities.

- Sign-ups will take place in early September. Those athletes who were actively enrolled in KEEN programs this summer and then prior to pandemic lockdowns will be invited to sign up first. See below for additional details.
- KEEN will not age anyone out of the program until January 2022. We feel strongly that cutting anyone off at this time would not be in the best interest of the athlete. If your athlete is 22 as of January 1, 2022 - they will be invited to join our Alumni program at that time.
- We ask that only fully-vaccinated volunteers attend in-person sessions. Volunteers will need to submit proof of vaccination prior to attending.
- We ask that only fully-vaccinated parents attend KEEN sessions. We also ask that siblings stay home.
- Parents are asked to stay on-site (you can sit in your car or enjoy the outside area) during all Fall semester programs and activities. The "sign-out" form will be at the front desk if you decide to leave the building.
- Volunteers and athletes/parents will need to complete and sign a Covid waiver upon sign up.
- All attendees will need to wear a mask upon arrival and for the duration of the program. If your child is unable to comply, we ask that you skip our programs.
- We are hoping that our swim facilities will allow us to host swim next year. Our goal is to hop back in the pool Spring 2022!

---

### **KEEN COVID Exposure Procedure:**

*KEEN is following CDC guidelines as we hold in-person sessions.*

- If a KEEN Athlete, Volunteer, or household member of a KEEN Athlete or Volunteer tests positive for COVID-19 within a week of attending a KEEN Session, we ask them to notify us as soon as the diagnosis is confirmed.
- KEEN will then inform everyone attending that session of potential exposure.
- If KEEN staff or household member receive a positive diagnosis within a week of a KEEN session they attended, the same notification process will occur.
- Any Athlete, Volunteer, or Staff with any such exposure will not be allowed to attend a KEEN Session until 14 days after they are symptom free or have a negative test.
